

Wine Tasting Experience

Set the scene for Christmas with a festive wine tasting experience

Available as a virtual, hybrid or socially distanced event, Inconnection's wine tasting experience is the perfect way to celebrate Christmas in a safe, enjoyable way.

A customer favourite all year round, our wine sessions are always a sell-out. After years of intensive research (drinking wine!) our expert will lead you through an excellent selection of wines from a region of your choice.

As with all Inconnection events, MemMail is available to add something extra special. We can not only add some festivity to your event packs, but also include your branding and a handwritten note with your personalised Christmas message.

Our ready made events are available for a fixed price per head – with the option to customise your format to meet your business goals for any number of guests.
