

Easter Floristry Workshop

Learn how to make a beautiful Hygge Easter Tree at home

As we spend more time indoors, it's important to feed our creativity, and creating a Hygge Easter Tree is the perfect way to do this. Ideal for both adults and children alike, this original Nordic idea aims to welcome Spring into your home ready for Easter.

Made from spring blossom twigs, the tree is planted into a base together with daffodil bulbs and moss, and is decorated with a selection of small eggs, bunnies, and fairy lights.

Led by a florist with years of experience, the host will take the group through a guided workshop with tips and tricks for achieving a professional look.

And not only can we tailor the event itself to suit your group exactly, we can also personalise and brand the event packs your guests receive using our MemMail sending service.

Event host

Our expert florist has years of experience in designing beautiful pieces and hosting floristry workshops. Guests will be guided through the process step-by-step, from planting the tree to decorating it.

As the event is interactive, there's the chance for guests to ask any questions or you can talk to us about how the host can tailor the event to your group.

MemMail

Our MemMail sending service can be used to personalise your overall event experience. We can source and brand anything you like, and package it in your chosen brand colours along with a handwritten message.

Your parcels will be delivered directly to your guests' desk or door, sealed with a logo sticker so they know exactly who it's from.
