

Tea Tasting Experience

Event Overview

A tea expert will talk you and your group through the detailed history of tea, from its origins in China to how it became the UK's most popular drink. You'll also be taught tips on how to brew the perfect cuppa, as well as interesting facts about creating the perfect blend.

Guests will also have the chance to make and taste a range of teas whilst enjoying a slice of cake and cheddar biscuits. Everything you and your guests need to take part in the event will be delivered to their preferred address beforehand so there's nothing to worry about on the day.
