

Cider Tasting

Event Overview

Inconnection Cider Tasting Experiences are designed to bring you closer to those important to your business in a safe and engaging way. They're available as virtual, hybrid or socially distanced events so you can make the most of any situation.

Working with Broadway Press cider specialists who will host your event, we select a range of ciders with various flavours. During the event guests will learn all about the cider production methods using rescued apples that are miss shaped and would have otherwise been discarded.
