

Culinary Experience

Event Overview

We put your guests in the company of an award-winning chef to create a magical dish with expert instruction every step of the way. Choose from a range of menus and we will ensure your guests have an incredible experience on the day.

Your Culinary Experience can be delivered online – with each guest joining from their location of choice – or in a custom-built development kitchen with safe social distancing procedures in place throughout.

An interactive experience

As the event is live and interactive, guests can ask questions, show each other their progress and finished result and depending on the size of the event, engage in group discussion.
