Children's Activities

Fun and games for the little ones

Event Overview

This children's activities event offers loads of fun and entertainment for kids of all ages and adults alike! Let the little one's feel special as they get their own personal and interactive show with some of CBBC and CBeebies' most popular TV hosts.

You can tailor your event to the requirement of your guests. Options can include sing-a-longs, chats with the hosts, story time, plenty of games and activities suitable for all the family.

Price is per person per 15 people and excluding VAT, E&OE. Subject to availability. Please note that guests must be over the age of 18 to participate in this experience.

from
£110
per person

MemMail:

Our MemMail service can be used for the virtual events to further build, anticipate, and boost attendance of your event. Your guests will receive their pack before the event with all the equipment and ingredients they will need for a fun-filled children's activity session.

What's Included:

- A handwritten invitation along
- Props and games to be used before, during and after the session
- A 'party-in-a-box' with fizzy drinks, party snacks and other gift

You have the chance to customise the MemMail with all your branding, colours, and a handwritten note, adding that personal feel.

How Does it Work?

Your guests will be led through their children's activity session either in person or via Zoom, if done virtually. The children's host will guide your guest and their children through each activity, making each as memorable as the last. By the end of the event your guests will be closer than ever before with their families. After the session, your guests can quiz their host with questions in the Q&A whilst winding down from their journey.
