

Mountain Challenges

By Inconnection Adventures

Event Overview

This activity is great for those who have something specific in mind and those that don't know where to start. We will create a bespoke challenge to suit your aims, budget, and location requirements. So, whether it is a one-day trek up Snowdon or exploring the volcanic peak of Mount Etna, there is no mountain too tall. Due to the bespoke nature, we can tailor this challenge around your aims whether that's rewarding high achievers or challenging your sales team. The sky is really the limit with this bespoke adventure and our experts will ensure every step of your journey is planned perfectly.

Event Scale

As a bespoke event the scale depends on the location but that will be factored in with each brief. If you want something for a select few we will offer all the best options for an intimate adventure. Alternatively, if you want a large-scale activity, we will offer the ideal peaks for your group.

MemMail

Our MemMail service is an optional extra to build anticipation and excitement for your expedition. There are many options to include from branded water bottles to pieces of kit, but there is no limit to what could be included within the personalised MemMail package.

They will be branded to your company colours and sealed with a branded logo sticker. After you've completed your bespoke challenge, you can have a follow-up MemMail package sent to your guests with a picture of your team at the peak, either framed, on a keychain, or any other possibilities.

Our Experts

Our expert, Jason Rawles, has been leading groups up and down mountains for years. Jason has an extensive network to ensure your guests will be in the best hands.

So, you can relax knowing the event will be run by qualified guides and instructors, plus all the insurances and liabilities will be in place for your expedition.
