

# Beer Tasting

Taste a selection of craft beers

Virtual

Hybrid

Live

## Event Overview

Our beer tasting experience is perfect for any beer lovers in your business to enjoy either in person, hybrid, or virtually. Your guests will follow a craft beer specialist on how to taste a range of beers during the event.

This interactive event gives guests the chance to sample fine beers but also learn about the various flavours and production methods of different brews.

from  
**£250**  
per person

email us at [hello@inconnection.com](mailto:hello@inconnection.com)

Price is per person per 15 people and excluding VAT, E&OE. Subject to availability. Please note that guests must be over the age of 18 to participate in this experience.

## MemMail:

Our MemMail service can be used to further build, anticipate, and boost attendance of your event. Your guests will receive their pack before the event with all the equipment and ingredients they will need for the perfect beer tasting event.

You have the chance to customise the MemMail with all your branding, colours, and a handwritten note, adding that personal feel.

## What's Included:

- Three bottles of craft beer
- A beer glass
- Branded instructions
- A handwritten note

Make it your own with the box, tissue, and shred in your colour of choice, branded glassware, finished off with a personalised, handwritten note and your logo sticker.

## How Does it Work?

Guests will be guided through a 60-minute beer tasting in person or via Zoom. The expert beer taster will take your guests through tasting the brews and the different production methods. After you guest can take part in a dedicated Q&A session to answer any questions they have left.
